

What is Abuse? Child and Young Adult abuse is any form of physical, emotional or sexual mistreatment or lack of care that leads to harm or injury qualifying as neglect. It commonly occurs within a relationship of trust or responsibility. It is an abuse of power or breach of trust. Abuse can happen to any child regardless of their, age, gender, race or ability.

What is Discrimination? Discrimination occurs when people receive less favorable treatment on any grounds which cannot be shown to be justified. This covers race, ethnic or national origin, sexual orientation, disability, responsibility for other dependents, social class or where the person lives.

What is CSE? Sexual exploitation of young persons under 18 involves an exploitive situation where a young person receives something (e.g. food, alcohol, cigarette, affection, gifts or money) as a result of them performing, and/or another or others performing on them sexual activities.

What is FGM? It is an illegal act of partial or total removal of external female genitalia for non-medical reasons.

What is Prevent Duty: A duty on schools to recognise that some children are vulnerable to radicalisation and there is a clear safeguarding procedure in place to act upon any concerns. It is a **STATUTORY REQUIREMENT**.

What has increased the risk of radicalisation? Social media and the ability of organisations, such as ISI, to communicate their message to young people in other countries that would previously been more difficult.

Please report these concerns to the class teacher who, if they feel it is appropriate, will pass the information on to one of the school Designated Safeguarding Leads.
